## GOOD ROADS OR MUD HOLES

On Dec. 20th the People of Lawrence County Will Say Which They Prefer at the Same Price.

Four Main Roads to be Built With 70 percent Gift Money and 30 per cent of Ours. Read the Facts Yourself and Ignore the False Reports Being Spread to Fool the People.

Saturday, Dec. 20th, 1919, the polls will be open at the regular voting place in each of the 19 precincts of Lawrence county, at which every legal voter may vote for or against an issue of bonds to build hard roads.

The amount proposed is \$250,000, to which the State of Kentucky will add \$693,310 as a gift, making a total of \$943,310.00 with which to build good roads in Lawrence county. Also, we expect to receive a large gift from the National Government if our application gets in before the present appropriation is exhausted. This would increase the fund considerably beyond a million dollars.

### Four Roads to be Built.

Four roads are to be built at once, as this is provided for in the petition and the Court order and can not be departed from. These four roads lead to the county lines of Martin, Johnson, Morgan and Boyd. The Boyd road will go by way of East Fork for a considerable distance and will later serve also as the later county seat road to Carter county. As the State furnishes most of this money the roads must start from a county seat and follow a practical route toward the county seat of an adjacent county.

### Advisory Board Appointed.

The Circuit Court has appointed the following Road Commissioners to act as an advisory board in handling this big enterprise if the people vote favorably on the proposition.

Dr. W. W. Wray, J. H. McChesney, Dr. C. B. Rice, A. C. Colquhoun, V. R. Shortridge, M. M. Burgess, C. E. Gibson, G. R. Vinson and M. F. Conley.

The bonds are to run 30 years or be redeemable at any time after five years that the county may desire.

### No Extra Cost.

By good business management on the part of the Fiscal Court and the Commissioners the county can build these roads and pay off the bonds in thirty years without increasing the rate of taxation now exacted. In other words, the people can trade off the mudholes for good hard roads in an even swap, by accepting the help of the State and nation.

Here is how it can be done: The bonds will be issued only as the money is needed. By the time the work is completed the road fund will amount to \$20,000 per year or more. On development will probably bring it to \$25,000. Most of the mud holes into which the road fund is now being dumped will be gone. The bonds are limited by law to 5 per cent interest. The amount per year for the sinking fund is optional with the court. It may be \$500 or \$1000 or any other amount. \$13,000 will take care of interest and sinking fund at first, leaving sufficient to take care of other road emergencies. The oil development and production will add value enough to soon bring the regular road fund up to a much larger fund, enabling us to increase the sinking fund rapidly each year. The law permits the sinking fund to be loaned on real estate at six per cent. In 30 years this return from interest, compounded as it will be, will play a surprisingly large part in paying off the bonds. After the first four or five years it will be an easy proposition.

### Another Way to Figure.

The law limits the taxation to 30 cents on the \$100 for road purposes. (We are now paying 21 cents.) If we should go to the limit it makes \$300 on the thousand of a man's assessment. For example: If his assessment is \$1000 he can only be made to pay \$300 per year road tax, the now pays \$2.10 for mud holes) and at the county's present valuation will only take 15 years to pay off the \$250,000 bond issue. At present we are spending \$18,000 per year monthly for filling mud holes and at the present increase in road traffic owing to the oil development in the county it will undoubtedly require double this amount to keep the mud roads at all passable. Just count this up for yourself at this rate of wasting \$35,000 each year on mud holes that is forever gone from us we would waste enough money in 7 years to pay off the \$250,000 bond issue. The only way to stop this waste is to vote for the building permanent roads which will soon give

us a hard road system for the same money we now waste in the mud.

### State Engineers.

State engineers supervise the work and check up the estimates and accounts to see that no money is wasted, stolen, squandered, or inefficiently spent. Location, drainage, material, contracts, and everything must be passed upon by these engineers. These with the Fiscal Court and the advisory Road Commissioners named above, should be sufficient to satisfy everybody that the money will be honestly and efficiently spent.

### Cost of Roads.

The cost of hard roads is one of the points most frequently discussed and is one of the most vital points. There are many different kinds of surfaces available, some of which are so expensive as to be beyond consideration. What Lawrence county should do is to build hard roads that will get us out of the mud and keep us out, but they need not be of the most expensive type known. Using State aid money we shall be forced to build roads that will come up to the standards of the State department, and that is good enough. The best basis of cost we know of comes from a Lawrence county engineer who has been employed for the last two or three years by the State Roads department to supervise the building of inter county seat roads in the mountains of southeastern Kentucky.

His name is J. Richard Johnson, son of George F. Johnson, deceased, who was county clerk of Lawrence county for 16 years. When in Louisa a few months ago Mr. Johnson was asked about the probable cost of building approved State aid roads in Lawrence county and he made an estimate of \$12,000 per mile, except for an occasional piece of extra heavy work, of which there are but very few on the four roads proposed.

\$833,310.00, without any national aid, would, under this estimate, build three of these roads to the county line and the other one to Blaine town.

### Then For the Finish.

It is the history of every county that has any considerable mileage of hard roads that the people find it easy to finish the job by extending the good system to all main roads in the county. This is only the beginning of the greatest enterprise ever undertaken in Lawrence. The increase in farm products, poultry, and everything that goes to market is so great that the increased wealth thus created takes care of the enterprise. The young men stay on the farms when they have good roads over which they can go and come with speed and without drudgery, and when they can get their products to market readily at any time. It is no wonder the best of the young men made out of Lawrence county under present conditions, say good-bye to home and loved ones, and scrape off the mud of the old county forever.

In addition to getting good roads for nothing, think what it will mean to the people in the county to have nearly or quite a million dollars spent in their midst. Every citizen, including the women and children, will get some of this money unless they are too lazy and shiftless to work or to have anything to sell.

### The Last Chance.

This is the greatest opportunity ever offered to the people of Lawrence county and it is predicted by some of the best business men that if the people do not take advantage of it, this will be the end of the good roads movement in this county during the present generation. As it is impossible to get up a better one there would be no use in wasting time on another election. To refuse it would be the same as refusing a gift of a good roads system and nearly a million dollars spent in our midst.

Lawrence is the only county in the Big Sandy valley that has not yet voted a bond issue to get the State aid money. It would be a disgrace for us to break this excellent record.

The Kentucky Statutes of 1913, page 857, says:

"In counties having an assessed valuation of \$5,000,000 and less then \$6,000,000, seventy per cent shall be paid out of the State road fund and the remainder shall be paid by the county."

Lawrence county's assessed valuation is \$5,527,365. A bond issue is not what it used to be. No state or national gifts were offered until recently. No supervision of the work by state engineers was possible in the old days. Now the roads are built that way and there is no chance to squander the money thru incompetence or ignorance.

### Where Are We Now?

For six years Lawrence county has

been paying nearly \$3000 per year into the State road fund. Look at your tax receipt. It is shown as a separate item. Every dollar of this is being used by counties that are enterprising enough to build good roads. Thus we are helping the counties that help themselves, but have so far failed to get into line for good roads and to get our money back.

We are dumping our road funds into hopeless mud holes which return every time there is a season of rain. It is worse than waste.

No set of county officials can take \$15,000 or \$25,000 a year and convert the mud roads of Lawrence county into good roads, or even maintain passable roads the year round. A large sum of money, such as is now offered to us, is the only possible way to get good roads and stop the present waste.

Now it is impossible to get to market except at certain times and then with only small loads drawn by horses or oxen. Everybody comes at once at the favorable dry periods and the markets are glutted.

Many of the best farmers are moving away to where there are good roads, or into the towns with railroad facilities. Young men are refusing to stay in the county. They all say life is too long to waste under such disadvantages and discomforts. When a county loses a good live citizen it sustains a real loss. After all, the citizenship is what determines the standard of a county.

### Answering the Objections.

Strange to say, there are a few people in the county fighting this great proposition. From some of them at least, there were grounds to expect a broader, more unselfish position. But the real trouble is apparent in each case.

Most of them want the first road to pass alongside their farms. This is impossible for everybody, and the only remedy is to help get the system of roads started and it will eventually reach into all sections and benefit the entire population. If we refuse to start under the plan now offered there is no chance to ever start. The bond issue is almost to the limit of present valuations and therefore no greater sum at one time can be raised. Under good business management it should cost no citizen any more to get these roads than to do without them.

Some persons want to start building at the county line, or near their homes along the route. That would be like beginning to build a railroad at the far end of the route. Did you ever hear of such a foolish thing being attempted? Railroads are built by business men. Of what use would a little piece of hard road be with no connection with any destination? The State can not give money on any such an impractical scheme. Under the Constitution, every county must have a county seat. These inter county seat roads must start from a county seat and follow a practical route leading to another county seat. That would be like nearest the county seat is used by more people than any other mile of road in Lawrence county, because almost everybody makes trips to the county seat in the course of a year. The ten miles nearest the county seat is used more than any ten miles further away. The same holds true of any mileage considered. These are cold facts which we are forced to admit, regardless of any argument to the contrary.

### It Is Your County Seat.

The county seat belongs to the people of the county. Every tax payer is a part owner. The county buildings are there, your courts meet there, your county officials are required by law to have their offices at the county seat.

### No Bridge.

If anybody tells you a bridge must be built across the river at Louisa, they are trying to deceive you. There is already a bridge there, and the county owns a line bridge less than three miles up the Levisa fork, in line for the Martin county road. This is the railroad bridge the C. & O. railway practically gave to the county when it built a new bridge just a short distance away.

To the People of Lawrence County:

Louisa, Ky. Dec. 10, 1919. I think it is time to tell the truth about a matter that comes up every time there is an election of any kind.

For many, many years one of the favorite schemes of cheap and unscrupulous politicians in Lawrence county has been to stir up strife and enmity in the county against the town. They tell the people there is a "town clique" and that it is a terrible organization of grafters and suckers and thieves living off of the county by mysterious and rotten methods, which they can not explain.

We often wonder why anybody would believe such thin stories, but this old story has created a prejudice in the minds of many county people who do not stop to investigate or think about the matter.

Louisa's population is about 80 per cent country people. Moving to a small town of Louisa has not damaged their character. Whether they are honest or dishonest is not determined by whether they live in town or in the country. There are some people of both kinds living in the town and also in the country. It is time to quit talking such foolishness.

The largest store in Louisa is owned by a man who moved to Louisa from the country two years ago. He has already been elected a member of the City Council. 90 per cent of the mer-

chants in Louisa are men from the country. We have one Jew merchant who was born in Poland, Russia, and if he had been permitted to choose the place to be born it would have been Prosperity, Lawrence county, Ky., where he started in business. Our doctors and lawyers are nearly all country men and they are not ashamed of the fact.

Nobody in Louisa is stealing anything off of the county. Most of the people living here are working more than eight hours a day to make a living, some of them averaging nearer 12 hours.

A "town clique" is impossible. There are factions always working against each other in Louisa, be it admitted to the discredit of the town. But this is not the case of every small town. For this reason if for no other the town clique ghost is one of the sickest jokes in captivity.

### Pays Nearly One Fifth.

Louisa is not solid for the county bond issue. Some town people will vote against it because Louisa pays nearly one-fifth of the road taxes, and all other taxes of the entire county. They are afraid hard roads will cost them more than the present taxes they are paying, and will not take any chances. They say they do not use the country roads and that Louisa has already voted to bond itself for \$150,000 to pave the streets and that all they are interested in. Of course this is a selfish position, but it seems impossible to get everybody to take a liberal view.

Also, they call attention to the fact that Wayne county, W. Va., is now letting the contract for a hard road from Fort Gay, (just across the river from Louisa) to Kenova and that they can use that road to get out of Louisa. It will be built in 1920.

If the bond issue carries, the country vote must do it. The town has a number of public spirited men who will vote for it, but just how many is uncertain.

The writer of this is first an American, next a Kentuckian, then a citizen of Lawrence county, and last and least a resident of Louisa. He has lived here a good many years and has never found any prejudice against country people. The town and country people ought to have a true brotherly feeling. Their interests are the same and if they would all pull together our county would prosper and be an ideal place to live. This is the latest opportunity to start we ever had. Vote for the bond issue and as soon as these roads are built, help to get another one that will build all the other main roads.

LAWRENCE COUNTY CITIZEN.

### ELECTION FOR BOND ISSUE TO BUILD ROADS

At a regular term of the Lawrence County Court begun and held at the Court House in Louisa, Lawrence County, Kentucky, on the 30th day of October, 1919, with Hon. Billie Riffe, regular Judge, presiding.

Upon this day came 150 and more, legal voters and free holders and residents of Lawrence county, Ky., and filed with the Judge of the Lawrence County Court, Billie Riffe, the following petition:

To the Honorable Judge of the Lawrence County Court: We the undersigned legal voters, free holders and residents of Lawrence county, Kentucky, do hereby respectfully request that you order a special election in said county on Saturday, December 20, 1919, for the purpose of voting upon the question whether or not the Fiscal Court of Lawrence county, Ky., shall issue bonds to the amount of Two Hundred and Fifty Thousand Dollars for the specific purpose of constructing four inter-county seat hard or paved roads, each of said roads to have the same annual mileage of construction, until complete to their destinations, the location and the route of each of said four roads to be as follows:

One road from Louisa up the Point, the most direct and practical route to the Martin county line.

One road up Lick creek and across the Patrick Gap to the mouth of the river and up the Levisa river road to Georges creek, thence the most direct and practical route to the Johnson county line.

One road from Louisa to the Morgan county line by way of Blaine. One road from Louisa, the most practical route to the Riffe cross roads on East Fork by way of Miller Branch, thence to the Boyd county line.

Whereupon and pursuant to the filing of the above said petition it is ordered that an election be held in Lawrence county, Kentucky on Saturday, December 20, 1919, upon the question: "Are you in favor of issuing \$250,000 in bonds for the purpose of building roads and bridges?" It is further ordered by the court that Wm. Taylor, Sheriff of Lawrence county, advertise said election and the object therefor for at least thirty days next before the day thereof in some newspaper having the largest circulation in the county and also by printed hand bills posted up at not less than four public places in each voting precinct in the county and at the Court House door.

W. M. TAYLOR, Sheriff.

### TOBACCO PRICES HIGH.

Farmers at Gallup raised some tobacco this year and have sold the crop at 35c to 40c per pound. Lawrence county produces a good quality of the weed, but only a few farmers are growing it.

### MOVED TO FLORIDA.

F. B. Brown, formerly of Louisa, but late of West Virginia, has bought a farm in Florida on which there is an orange grove in bearing. He has moved there and expects to remain permanently. He is a good citizen and we wish him the best of luck.

### FROM THE VOTERS OF UPPER BLAINE

We want to know through the Big Sandy News what roads the county intends to build and the money on if the bond issue carries? If it will be spent up and down the river we are opposed to it. If it will be divided in the right way we are for it. So we ask for explanation. We want Big Sandy News to state just how it will be, if they are four roads, what four and whether equally divided or not.

### UPPER BLAINE VOTER.

(If you will read the order of court published in this issue and for four weeks past, and posted in all precincts in Lawrence county by the Sheriff, you will find the answer to your questions. The four roads are named therein. —EDITOR.)

### Andy, New Dies at Age of 78

Andy New, Sr., died at his home in Fort Gay Tuesday morning, after an illness of only a few days. The body was taken to a family burial ground a few miles up the river on Wednesday for interment. He is survived by the wife who is almost her husband's age and in very feeble health. Also by a son and daughter, and grandson, Andy New, Jr., and two other orphan grandchildren. Mr. New was 78 years old and was a good citizen. He was industrious and frugal and had accumulated a fair sized estate. Recently he sold the Lackey property in the lower part of Louisa and moved to Fort Gay.

### SPEECH FOR GOOD ROADS AT LOUISA MONDAY, DEC. 15

Hon. Tim Scanlan, of Huntington, an entertaining speaker of more than ordinary ability, will make an address on the subject of good roads at the court house in Louisa at one o'clock on Monday, December 15, which is County Court day.

Mr. Scanlan is a practical road man of extensive experience. He is now engaged in cutting a boundary of timber in this county, and this fact has brought him face to face with road conditions here. He can tell the public how to handle this proposition. No one who can possibly come here on this occasion should fail to do so. All will be well repaid.

### At City Hall Monday Night.

Mr. Scanlan will speak also at the city hall in Louisa Monday night, the 15th, in regard to the street paving. Everybody should hear him.

### W. L. Ferguson Has Sold His Store

W. L. Ferguson has sold his store to Bert L. Sparks, who will take charge January 1. Mr. Sparks is a son-in-law of M. R. Sparks and is a hustling young man. He has moved to Louisa already.

Mr. Ferguson will move to Huntington. Louisa regrets very much to lose him and his family.

### Railroad Track Blown Away by Blast

Trains on the Big Sandy division were delayed several hours Tuesday and Wednesday by the track being blown down the river bank near Beaver. A contractor was blasting a road bed for a side track and loaded seven holes with dynamite and discharged all at one time. The blast tore out the main track for several long lengths. All the men within reach were hurriedly gathered and worked all night along with a wrecking train to restore the track to position.

### COAL STRIKE IS AGAIN CALLED OFF

President Wilson's proposal to the coal miners has been accepted and work is to be resumed immediately. The miners get 14 per cent increase in wages and the operators have agreed to pay this without adding it to the selling price of coal.

The union leaders, evidently were glad to settle it, as they had lost all public sympathy they ever had and the death of unionism is threatened.

The strike cost the country hundreds of millions of dollars and working men in other lines thrown out of employment. The fight against union radicalism must not stop.

### TURKEY DINNER AND OTHER REFRESHMENTS

Attend the turkey dinner at the M. E. Church South Friday evening of this week, beginning at 4 o'clock and running until about 9 o'clock or after. In addition to serving a regular and very delicious turkey dinner, the ladies will accommodate persons who desire to be served only with ice cream and cake, or cream, cake and coffee. In this way everybody will be accommodated. All are invited.

Mrs. Cora Ferguson, 27, died in Huntington. She was the daughter of Mr. and Mrs. Clate Johnson, of Wayne county, and wife of C. E. Ferguson.

### FORMER SOLDIER WRITES IN FAVOR OF GOOD ROADS

Zelda, Ky., Nov. 25, 1919.

Editor Big Sandy News: If you will donate me a small space in the columns of your valuable paper I would offer for your approval an opinion in connection with good roads in Lawrence county. Inasmuch as I am one of this county's products it is only natural to assume that I have the interests of its good people at heart.

To say that we have good roads would be prevaricating, to say that we have good "trails" would be a very fair statement. I have traveled the roads of the heathen Chinese, of the Japanese, of the Hawaiian and the roads of the savage Philippine and in none of these countries have I seen roads as bad as are to be found in Lawrence county.

The trails of the Philippines are usually traversed by two wheel carts drawn by the earthen or water buffalo in the mountainous regions the natives carry their burdens upon their heads as a method of transportation. This system is quite commonplace with the Philippine. Will it eventually be commonplace with us?

On Sunday morning, May 1, 1898, Admiral George Dewey sailed into Manila Bay and attacked and destroyed the Spanish fleet thereby winning for America one of its greatest naval victories. At the conclusion of peace with Spain we paid to the Spanish government \$20,000,000 for the Philippines and have since that time spent millions of dollars in educating and civilizing its people. But let me suggest that inasmuch as the Philippine is only learning to be human, there is an excuse for his shortcomings, but there is no excuse for us unless we have deteriorated to the class and type of man on whom we are spending millions to educate. Possibly we are afflicted with "money hydrophobia" since the disease is said to be contagious and we haven't the time to think or bother about a small item as building or repairing our roads. However, be that as it may, let me suggest that it is time we were doing things on the road question or like unto the Philippine we will be carrying our burdens upon our heads, since our "trails" will no longer be accessible to vehicles.

It has been suggested at this writing that twenty years ago we were paying approximately \$2,000,000 taxation per annum and at this time are paying about \$5,000,000. Twenty years ago we had very good roads in this county, but how about today? The half-civilized Philippine would do better, most assuredly he would want to know what was being done with his money.

Wherein then does the trouble lie? The only county official that we happen to see in this end of the county is the Sheriff collecting taxes. Possibly it's a case of "taxation without representation." It seems that the man who put "pepp" in pepper is very badly needed in the good old county of Lawrence and the good citizens who pay this enormous taxation should get on the job and do a little house cleaning on their own account. Do that, Mr. Voter, in your next county election.

F. MARION SOARD, Former Captain, U. S. A.

### Items About the Local Oil Field

The good well on F. R. Bussey's place has been cleaned out and was tubed yesterday. It will be put to pumping at once.

Another well on L. S. Alley's farm on Two Mile was drilled in a few days ago and looks to be about an average producer for that locality.

No. 4 on the Conley lease was shot Tuesday and will make a paying well, but not as good as the others on this tract. No. 5 is being started.

Drilling has started on the Weaver farm of 65 acres on Knob Branch, upper Blaine.

G. T. Sweetnam has arranged for a well to be drilled on a tract of his and near Wilbur. This will test new territory.

### HANDSOME RETAIL OF THE BAKERY NOW OPEN

The retail room and soda fountain of the Lobco company opened for business on Thursday of this week. They sell pastries, confectioneries, ice cream, etc., of the choicest kinds and the soft drink equipment is the most attractive that can be found in cities of several times the size of Louisa. It is a handsomely furnished and finished room, lighted by electricity. The soda fountain and the tables and seats are right up to date. It is a credit to the town. Miss Minnie Stone is in charge of this department.

### M. E. CHURCH SOUTH.

Rev. J. D. Bell is considerably improved in health and has resumed all regular services. He preached twice Sunday, being assisted in the morning service by Rev. H. B. Hewlett.

### NEGRO GETS PARDON BY SAVING A LIFE

Frankfort, Ky.—Imprisoned for taking a life, Bill Carey, negro prisoner from Clark county, earned his freedom by saving a life, and was pardoned by the Board of Control for checking a mob during a race riot in the convict road camp in Pike county in August, 1918, an episode heretofore never reported.

Camels are sold everywhere in scientific sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a 6-ounce paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

## TUSCOLA

The continued wet weather has damaged the corn crop till seed corn will be difficult to obtain for next year's planting unless the seed was selected in the field before the corn was cut.

If the roads were ever in as sorry a condition as at present it must have been in ante-bellum days.

The old saying, "Make hay while the sun shines," is being practiced by the farmers now for they are stripping their tobacco this wet weather.

We are informed that John Presley will move this week to C. F. Smith's Hill Grove farm.

James Harrison Young made a business trip to Louisville last week.

Bill Daniel moved last week to Vesie.

Naaman Brainard made a business trip to Louisville Monday.

J. H. Frasher will soon have his new house ready for occupancy.

Mrs. Lizzie Cunningham has been in poor health for several weeks.

We are still in favor of the bond issue for building roads. It is the most progressive step the Fiscal Court has

taken in the last decade.

We hear some of the most non-sensical arguments set forth against it that it is possible for smart (?) men to entertain. They say the roads ought to start at the county lines and the built towards Louisville. That if the roads start at Louisville that the "town clique" will gobble up the money and we'll get no return for our money. It seems to me that a thief is always crying "Thief! Thief!" That we can get no State aid. The NEWS last week blacked the eye of that argument till it will be next year before it can open it.

If the voters will only think for themselves and be guided by what progressive counties are doing in the way of roads the bond issue will carry by an overwhelming majority.

If I can't eat the hay I'll not keep the poor old cow away from the manger to starve.

OLD LEM JUCKLENS.

## YATESVILLE

Miss Mamie Riley, one of our neighbors, is on the sick list.

The twenty-four hours of rain that we had Friday night and Saturday, has completed the finishing up of what roads we had left, as they are now apparently bottomless. It looks like the moving about of oil machinery and fixtures will be obliged to be suspended over the roads as they are more nearly impassable than ever was known before. A great many of our local merchants talk of moving their shipping point to Louisville station till the mud has subsided. Blaine creek is now on a rampage and a considerable amount of the above referred to road is under water and to get around it at the present a great deal of the travel traffic is going on through Mr. Blankenship's meadow and orchard, which is proof

positive that all public roads and highways should be built above the high-water mark.

Mrs. G. W. Chaffin, the mother of B. J. Chaffin, the drummer, is dangerously ill at this writing.

The weather has been very disagreeable for the men to work in the oil field. The pipe line company laid all of the gas pipe in one day from well No. 1 to where well No. 2 is to be drilled on the land of G. J. Carter.

The high water has somewhat interfered with the Ohio Fuel's work, some of their pumping stations being below the high water mark.

J. W. Elkins, one of our neighbors, has just completed an excellent concrete floor to the porch of his dwelling house.

Mrs. Frank Bradley, of Christmas, is here at the bedside of her sick mother, Mrs. G. W. Chaffin.

## DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease, is too serious to ignore. Use Doan's Kidney Pills as your friends and neighbors. A Louisville case.

G. E. Pigg, tinner and carpenter, Louisville, gave the following statement in June, 1909: "For several years I was frequently subject to severe attacks of kidney complaint. I suffered greatly with backache and had difficulty in passing the kidney secretions. Sometimes the kidney secretions were profuse and then again scanty and highly colored. I got Doan's Kidney Pills at Louisville Drug Co.'s Store and they soon gave me relief."

On December 4, 1916, Mr. Pigg said: "Since I used Doan's Kidney Pills some years ago I have had no trouble with my kidneys. My back has kept strong and my kidneys have acted regularly." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pigg had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## RATCLIFF

Mrs. Lindsay Lester, of Ashland, is visiting her daughter, Mrs. J. W. Rucker, of this place.

Mrs. Mary Bentley was shopping at this place Friday.

Miss Beesie Cooksey and brother Jay were calling on their brother, Kay Cooksey, of this place.

Jake Lawson is home on a 30-day furlough from Newport News, Va.

Walden R. Riffe still makes his regular trips to Mr. Lawson's.

Mrs. Cebrown Wilson was visiting her sister, Mrs. Clyde Bush, of Lost Creek recently.

Miss Anna Louise Kiger was visiting Miss Nannie Fay Rucker Sunday.

Miss Flossie L. Lawson has returned home from Holden, W. Va.

**Callus? "Gets-It" Will Peel It Off!**

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It" is the only complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more tawdry plasters, sticky tape, "padding" bandages, knives or scissors for corns or calluses. "Gets-It" is the natural corn remover. It is the only one used by millions. It never fails. You'd work, play and dance at ease in spite of corns.

"Gets-It" is the only one guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.

Sold in Louisville and recommended as the best corn remedy by Louisville Drug Co.

Use "Gets-It" and Dance, Even with Corns

removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more tawdry plasters, sticky tape, "padding" bandages, knives or scissors for corns or calluses. ## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful!

# FORCED TO CLOSE OUT

Since I began my sale, which is a record breaker, I have received the following notice from my landlord:

DR. C. B. WALTERS

Dentist

Phone 104

Louisa, Ky., Dec. 5th, 1919.

Mr. Jake Isralsky,

Louisa, Ky..

Dear Sir:—

This is to notify you that I want you to vacate the store room you now occupy on or before January 15th, 1919.

Yours respectfully,

DR. C. B. WALTERS.

And there is no house I can get in this town, therefore my stock must be sold regardless of price. There has been several buyers from the East here trying to buy me out but I have come to the conclusion that I have made my living here for a great many years and now seems like I must get out of business and in a very short time. So if I have anything to give I would rather give to the people who have patronized me for a great many years than to give to any one Eastern concern.

To make the story short, my stock must be out on or before January 15th, and I advise you as a friend, one and all, to take advantage of this sale which is now going on until Christmas: The prices will now be cut more than ever and this is no fake sale—this is a real bonafide sale. I do not want to leave Louisa, but I am forced to do so.

To get rid of the stock quick after cutting and slashing prices, will give you some specials for next SATURDAY and MONDAY. Look in the next column and see what we are giving away ABSOLUTELY FREE. Be among the first fifty.

## FREE

Until Noon Saturday, Dec. 13, the first fifty customers that trade \$10.00 or over will get \$1.00 worth of merchandise free—or deduct \$1.00 from amount of purchase.

The next fifty customers who trade \$5.00 or over will receive 50c in merchandise Free—or deduct 50c from amount of purchase.

This offer is also good for Monday, Dec. 15th.

## RESOLUTIONS OF RESPECT.

Whereas, again the alarm has been sounded at the outer gates of our tabernacle by the grim messenger of death, and we are called to mourn the loss of a brother, and

Whereas, on November 17, Bro. Jas. Q. Lackey was called from labor to refreshments in the Great Beyond; and while parting, we bow in submission to the will of our Supreme Grand Master, who has seen fit to call our brother into the splendor and glory of the greater mysteries where a new and grander life, we doubt not, will be unfolded before him;

Therefore he it resolved, that in the death of Brother Lackey, the Lodge has lost a true and faithful member, the State a good and upright citizen, and his family a loving husband and father.

Be it further resolved that we extend to the family our deepest sympathy in the loss they sustain, and that these resolutions be spread on our records, and a copy sent to the family and one to the Big Sandy News for publication.

## TONIGHT!

Take "Cascarets" if sick,  
Bilious, Constipated.

Enjoy life! Straighten up! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head dull and aching. Your meals are turning into poison and you can't feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.

## DR SHANNON CALLED TO CHICAGO CHURCH

The Brooklyn Eagle, Dec. 1, says: The Rev. Dr. Frederick F. Shannon, pastor of the Reformed Church on the Heights, will be called tomorrow to the pastorate of the Central Church in Chicago, and it is confidently expected that he will accept. He has preached there several times recently to large congregations. He was in that city all last week and has not yet returned. He was in the Central pulpit on Sunday, Nov. 23, and yesterday.

Dr. Shannon will succeed the Rev. Dr. Frank W. Gunsaulus, regarded as one of the greatest preachers in America, who in turn succeeded the Rev. Dr. Newell Dwight Hillis when he came to Plymouth Church twenty years ago. The call to Dr. Shannon is regarded as a remarkable indorsement of his ability.

Dr. Shannon was born in Louisville, Ky., 42 years ago. Thirty years ago a boy was wanted in the Big Sandy News office of his native town, and Fred, as everybody called him, applied for and got the job, he being 12 years old. At the age of 18 he was converted in a revival meeting, joined the Methodist Episcopal Church South and soon after decided to study for the ministry. In his 20th year he secured a position as a printer in the Southern Methodist Publishing House in Nashville, Tenn., as a part of his plan to attend school there for theological training. He entered school in August and worked during vacation until his schooling ended.

Young Shannon then joined the Western Virginia Conference of the Methodist Episcopal Church South. His first appointment was at Logan, W. Va. He was successful there and a wealthy widow took so much interest in his career that she insisted on paying his expenses to Europe, a trip which he made and during which he took special studies.

After serving a little more than two years in the Western Virginia Conference, Dr. Shannon accepted the editorship of the Anti-Saloon League publication in Pennsylvania, but the call to the pulpit was stronger than the editorial chair. After serving for several months he accepted the position of assistant pastor of Grace M. E. Church, Harrisburg, Pa., and a few months later became acting pastor of Grace M. E. Church, 7th ave. and St. John's pl., Brooklyn, and was in the following spring appointed as pastor. He remained there seven years and was successful.

Dr. Shannon grew tired of the itinerancy of the Methodist Church and made a public declaration to that effect when he resigned from Grace Church and withdrew from the New York East Conference and the Methodist ministry. He joined what was then the Brooklyn Presbytery (now Brooklyn-Nassau), and preached in many pulpits until he was called to the pastorate of the Reformed Church on the Heights to succeed the Rev. Andrew Magill, now of the Jamaica Pres-

byterian Church. Dr. Shannon is a lecturer of note and has published a number of volumes of sermons which have had wide vogue. He is proud of the fact that he was once a "winter's devil," studying theology at the same time.

Announcement has been made that Gypsy Smith, Jr., son of the world famed evangelist, will conduct a revival in Huntington, W. Va., some time next spring.

Dr. T. N. Goff, of Kenova, W. Va., has leased 1700 acres of his coal lands in Pike and Martin counties to the Cub Mountain Coal & Coke Co., of Springfield, Ohio.

## Slipper Seekers Out in Force

—the better models are in great demand and selling briskly—  
size ranges will soon be incomplete.

In spite of our heavy purchases of Comfort Slippers the demand has been phenomenal and size-ranges promise soon to be incomplete. Slippers should be chosen first of all items on the gift-list, for the size is most important and should govern the selection. Just now, you may choose from a full assortment of sizes, and our extensive stocks show everything new in styles and colorings.

## Slippers are "Homey" Gifts

and are most appropriate for Christmas gifts.

## "Daniel Green" Slippers for Women

We are showing these slippers in a full range of colors, including Taupe, Alice blue, old rose, orchid, chinchilla, pink, light blue, lavender and oxford grey.

Priced from \$2.50 to \$3.50 the pair

## Slippers for Children

There are "Daniel Greens" for children, too, and they possess the same fine quality and attractiveness that have made the larger models so popular. They are offered in blue, red, old rose, pink and light blue.

Priced from \$1.50 to \$2.25 the pair

## NURSERY STOCK

We have some apple trees for sale at 25c each and Ever-bearing strawberries at \$2 per 100 while they last. Also, other kinds of trees and plants. One of the largest nurseries in the country wanted to buy all we have, but we sold them only one car load, saving the remainder for our local trade. The nursery that bought our apple trees is selling them at 60c each, so you see that we are making a sacrifice to take care of people who order from us direct. Nursery stock is very scarce and high because most of the stocks have been imported from France, and the war almost stopped that. Take advantage of this chance while our stock lasts. 12-12-41.-pd

## HOME CIRCLE COLUMN

Imagination is often a very good thing and it is often, perhaps, a very bad thing. A great many friendships have been broken as a result of an over-active imagination. Take the following episode which is a good example of what happens in most cases.

Mr. Smith goes downtown Sunday afternoon and meets Mrs. Brown. She is a kind and is occurring with the problem of figuring out just how many yards of serge it will take to make a school dress and the importance of Mrs. Smith, whom she meets her, does not get thru to her expectations to a greater degree than to permit more than a pleasant nod and "good afternoon." Now it seems that effervescent effusiveness has been Mrs. Brown's usual manner of greeting and Mrs. Smith tells her husband that night that she was almost fascinated by Mrs. Brown's coyness on the street that afternoon and her certainty that she was to pay her back in two or three days the next time they meet. With the telling the "coyness" becomes very much exaggerated in Mrs. Smith's mind and when she meets Mrs. Brown again she gives her a very rigid nod. Then Mrs. Brown is furious and wonders what is the matter with Mrs. Smith. Things go from bad to worse and soon those two women are bitter enemies thru no other reason than a bad case of imagination. Probably every woman who reads this, and I doubt so, have been participants in just such circumstances at least once in their lifetime.

The men are no better. Sometimes in business, this imagination is called suspicion but it's all the same thing. It breaks up many a firm and many a friendship. Don't be so eager to find faults. You don't always greet everyone yourself with the same degree of cordiality. Just think of that the next time you are inclined to think someone has slighted you. Don't be so eager to misconstrue others' actions. Your own could be as easily misconstrued.

A hobby is the business man's savior from rustication, vegetation and starvation. It fills his mind when he is away from the office with something besides work; it turns his brain power into different channels and gives the poor brain cells he has used all day a much needed rest. It increases his interest in life; it broadens his outlook; it sharpens his wits. Therefore, we say, a hobby is a good thing and not a foolish thing as some people have been wont to call it. It will serve you faithfully and well. Get a hobby.

A very admirable person often leaves you completely cold and uninterested. It may be because he has no originality or ingenuity of expression, or because he is never human enough to permit you a glimpse of his temptations. Such a person may compel your respect, but never win your regard. The most persuasive thing about anyone is his personality. It is sometimes magnetic enough to make you like him no matter what he thinks, or feels, or does. The latter type is not a healthful influence. On the other hand, a truly interesting personality continues to display a charm that is an attractive expression of that person's admirable characteristics.

Some day, boys and girls, your mother and father will leave you behind to go to a better home. That parting is always heart breaking and sad for you, but the sharp edge will be taken off after a while if you have no regrets about the respect and love you have given them. Only when you are fathers and mothers yourselves can you realize the deep happiness your little kindly acts give them, or how great is their sorrow when you forget and neglect them. Don't grow so accustomed to them that you treat them like pieces of furniture, made merely for your comfort and use. Love and cherish them, for some day their going will leave a terrible void in your

heart, and the wound will be more easily healed if you can look back and remember different times when you have given them joy and pleasure. In the average home, no matter what the children do for their parents, it doesn't even pay the interest on the debt of love and sacrifice which they owe them.

Popularity is rather an elastic thing and we often find it alighting where we would least expect it. It is really another word for selfishness, although some truly unselfish people are not popular because they force the fact of their unselfishness upon people, and wear such long-suffering faces that their friends shun them.

It is often very difficult to realize that the people who do spiteful things toward us, are hurting themselves much more than anyone else. We often feel impelled to pay them back in their own coin, but it would surely be a losing proposition for us to do so. Often when we are in a bitter mood we are inclined to think that some people can "get away with murder," which is a very popular and slang expression for saying that their day of reckoning never comes, no matter what they do. Just ten to one, if they are doing wrongly, or fighting unfairly, they are not as happy as the ones who have suffered by their unfair treatment. The ledger of life must balance before the day's work is done, even as the ledger of a bank.

### CARD OF THANKS.

I desire to express my deep gratitude to the many friends who so kindly assisted us at the time of the illness and death of my dear son, The funeral services were conducted by the Rev. Roland Hutchinson. I thank him for his comforting words. Many thanks to the choir for their untiring kindness. They sang songs of joy and comfort and of hope and inspiration. My deepest thanks to the friends for the beautiful floral offerings. My grateful heart is filled with blessings upon all who have shown love and prayer for his mother. MRS. MARTHA L. COOK.

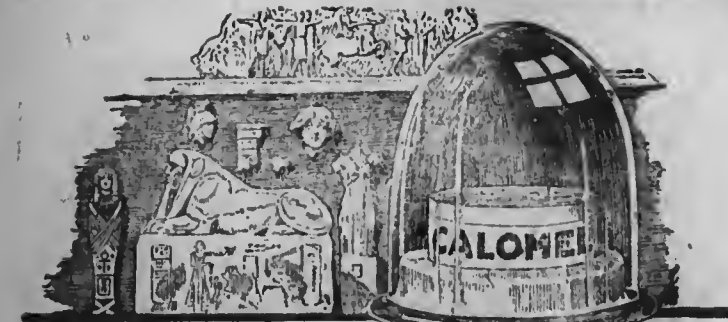

### When Croup Threatens

Quick relief of baby's croup often forestalls a serious situation when this dreaded disease comes in the late hours of night.

Mother, keep a jar of Brame's Vapo-Mentha Salve. When Croup threatens, this delightful salve rubbed well into baby's throat, chest and under the arms, will relieve the choking, break congestion, and promote peaceful sleep. Take care of nascent drugs. Used constantly by physicians in combating croup, colds, pneumonia, etc. in children as well as grown-ups.

10c 60c and \$1.20 at all drug stores or sent prepaid by Brame Drug Company, N. Wilkesboro, N. C.

### It'll soon be in Museums

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

### Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for

calomel. It is guaranteed to start your liver without stirring you up inside, and can not salfate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

## NASTY COLDS ARE RELIEVED AT ONCE

"PAPE'S COLD COMPOUND" THEN BREAKS UP A COLD IN A FEW HOURS.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, safest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

## WANTED-RED-BLOODED MEN!

HAPPY AND SUCCESSFUL PEOPLE EVERYWHERE ARE ALWAYS IN GREAT DEMAND.

### BEST FRIENDS-RED-BLOODED

Pepto-Mangan Produces Better Blood—Sold in Liquid and Tablet Form.

Get into the red-blooded class if you are not there now. Take a few weeks course of that splendid tonic—Pepto-Mangan and note how you improve in health and looks. Pepto-Mangan is a red-blood maker and is for sale at the drug store right near your home. It is put up in both liquid and tablet form. Take which you choose, but see that the name "Gude" is on the package. Without "Gude" it is not Pepto-Mangan.

It is the cry everywhere—"Wanted—Red-Blooded Men." The soldiers and sailors that won the war were red-blooded, two-lasted fellows. In business it is the red-blooded man that stands the strain and wins the big successes. The world has no place for the thin-blooded weakling. It is natural, too, that red-blooded men and women should have more friends, and they do. They are better human beings than the thin-blooded anemics, who are likely to be "grouchy" and irritable most of the time.

## RED BUSH.

Turner Pendleton has moved to Ohio. G. A. Smith has moved to Red Bush. The oil well that was drilled at Charley Williams and was reported dry is now coming up thru the ground on the outside of the well.

W. A. Williams, traveling salesman, is calling on the merchants at this place.

Lexey Williams turned her two pigs to the bank at 10 weeks old, one weighed 50 lbs., the other 60.

Francis Skings has been taken to the asylum. This is his third trip.

J. D. Bond, the traveling salesman for Dixon, Moore & Co., is still smiling as he passes along the road.

## TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while at work, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he layted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double it's beauty. Try "Danderine" and see!

## BRIDGE LETTING

The Fiscal Court of Lawrence county will, on December 29th, 1919, at the hour of 1 o'clock p. m., at the Court House in Louisa, Ky., receive sealed bids for the erection of a steel bridge 150 ft. long across Catt creek, near its mouth.

Said bridge to be a "leg bridge" including a concrete foundation.

Work to begin immediately upon acceptance of contract. Right to reject any and all bids is reserved.

BLAIE RIFFE  
County Judge of Lawrence Co.  
This Nov. 26, 1919.

## HULETTE

There will be a pie social at this place Saturday night, Dec. 13th. Proceeds for repairing the church house. Everybody invited to attend.

COMMITTEE

## Notice to Dog Owners

Every one owning a dog shall secure a license and tag for the same on or before the last day of January, 1920.

The 1920 License and Tags for dogs are now in the hands of the Clerk. Remember the law says every person owning a dog or dogs, shall on or before the last day of January of each year, secure from the Clerk a license and tag for said dog or dogs.

The license and tags for 1920 are entirely different from the license and tags of 1919.

I am sending out to several of the merchants over the county application blanks which you can fill out and mail to me with the required fee, and 2 cents for return postage, and license and tag will be mailed to your address. Also the Sheriff states that those who fail to secure the license and tag promptly will be dealt with according to law.

D. B. ADAMS, Clerk.

## The Price of Pork Chops and Bacon

Here are reasons why the fine, fresh pork tenderloins and pork chops, or savory ham, or crinkly bacon, which you enjoy for breakfast, cost much more per pound than the market quotation on live hogs which you read in the newspaper:

An average hog weighs 220 pounds.

Of this, only 70 per cent (154 pounds) is meat and lard.

So, when we pay 15¢ a pound for live hogs, we are really paying more than 21¢ a pound for the meat which we will get from these animals, even after taking into account the value of the by-products.

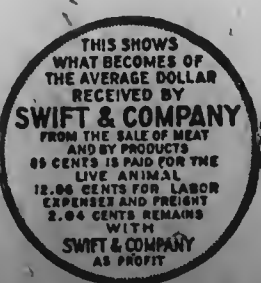

But people show a preference for only one-third of the whole—the pork chops, fancy bacon, and choice cuts from juicy hams.

This means that when we are selling Premium bacon at 43½¢ per pound wholesale and Premium hams at 30¢, there are other parts for which we get as low as 6¢ or 8¢ per pound. The net result is an average profit to us of less than 1¢ a pound.

The choice cuts are higher because of a demand for them.

Another thing: Only 35 pounds of the entire hog—or about 1/6th—is usually marketed at once. The rest must be pickled, cured, or smoked. This takes months, and adds to the costs which must be met.

## A Word About the Fresh Meat Business

We feel justified in asking for the patronage of the people of Louisa and vicinity in the Meat line because we conduct the business all the year around. It has been the practice here for many years for one or more persons to engage in the fresh meat business during the more profitable season and drop out when warm weather comes with reduced demand for meat and with the heavy expense for ice, etc.

When the price of cattle dropped recently we reduced the price of meat accordingly. It is our intention to treat the public right at all times and to give the best service possible.

We also carry a good line of Groceries and will appreciate your patronage.

**CATLETTSBURG**

**Fannin-Lockwood.**

A marriage which will be of interest in this section was that of Miss Bellvadora Fannin of Catlettsburg and Mr. Henry Byrd Lockwood, of Paintsville. They were quietly married in Ashland on Wednesday morning. Immediately friends of the two families were the only ones to witness the ceremony. Mr. and Mrs. Lockwood left for Cincinnati and Chicago to be gone a week or ten days. The bride was handsomely attired in a blue traveling suit with hat, gloves and shoes of a harmonizing

shade. She is the eldest daughter of the late James L. Fannin, also a grand daughter of P. S. Fannin, formerly of this city but now of St. Petersburg, Fla. She is a most popular young lady and is very handsome. The groom is a young man of sterling character and has many friends throughout the tri-state. He is an employee of the C. & O. and is stationed at Paintsville where a handsome furnished house awaits their occupancy.

**A Correction.**

Mrs. Jas. H. McConnell, of this city, desires us to correct the item published last week in regard to her winning a prize for writing a story. Through mistake her name was reported as the winner. She did not enter the contest and does not want the honor that is due some one else.

Basil Burgess, of West Moreland, was a visitor here Monday.  
Pharous Osborn, of Kenova, was here Monday attending county court.

The following persons of this county were knighted as 32 degree Masons and Shriners at Huntington last week: J. O. Marcum, Charles Davis and Dave Griffith, of Ceredo; P. G. Frampton and Frank Hart, of Kenova; Fisher Seaggs and Clyde Seaggs, of Wayne.

Revival services are being held at the Baptist Church under the direction of Rev. Bailey, of Parkersburg, and Rev. A. W. Damron, of Kenova. This is the second week of the meeting and great interest is being manifested.

GRIMES.

**The Important Thing**

In fitting glasses is to correctly diagnose the defects of vision. Without correct diagnosis the proper remedy cannot be determined.

We are not merely merchandizing glasses. We have something for sale besides lenses and mountings--and that something is SERVICE. Our oculist is a registered physician and is prepared to render you the very service indicated by your eye-symptoms.
